Instant Gas Water Heater

Cart Showing the saving when you use
TP for 100 Ltr. water at 25° C Temp. rise

Comparison	Instant Gas Water Heater	Electric Geyser (2KW)
Fuel Requirement	0.300kg.	3.89 Unit
Cost of Fuel	₹ 27.82 Per Kg.	₹ 5.95 Per Unit
Daily Expenses	0.300 x 27.82 = ₹ 8.35	3.89 x ₹ 5.95 = ₹ 23.15
Monthly Expenses	₹ 8.35 x 30 = ₹ 250.50	₹ 23.15 x 30 = ₹ 694.50
Yearly Expenses	₹ 250.50 x 12 = ₹ 3006.00	₹ 694.50 x 12 = ₹ 8334.00
Yearly Saving	₹ 5328.00	

- Fully Automatic with Japanese Technology
- Absolute Zero Pressure
- Flame Failure Protection
- Overheating Safety System
- 20 Minutes Automatic Timer
- Battery Operated Automatic Ignition
- 70% Cheaper Than Electric Geysers
- 30% more Gas Saving by Better Heat Exchanger

Heat Converter

Electric Water Heater

FEATURES

- Long Life Heating Element
- Long Life, Rust Proof, Elegant Metal Body
- Automatic Vacuum Release Valve-Optional
- Automatic Temperature control
- Built in pressure Release Valve
- Fusible Plug for Additional Safety
- Energy Saving Vermin Proof Insulation
- Thermal Cut Out
- Manual Temperature Control - Optional

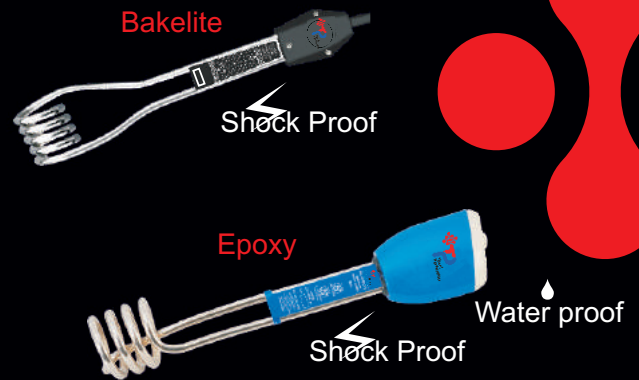

SPECIFICATION*

Capacity (Ltr)	1	6	10	15	25	6	10	15	25	35	50
Wattage (kW)	3	2									
Type	Instant	Storage									
Power Supply	230 Volts, 50Hz, Single Phase AC										
Thermostat	Adjustable between 30°C to 75°C, preset at 65°C										
Thermal Cut-Out	Set to operate at 92°C ±4°C										
Fusible Plug	Set to operate at 99°C ±2°C										
Inner Container	Tested at 100 psi										
Pressure Release Valve	Set to Operate at 50 psi										
Insulation	Vermin proof glass wool (PUF Optional)										
Heating Element	Embedded type, Copper sheathed, tubular with mineral filling										
Outer Body Casing	ABS					Powder Coated Steel					
Shape	Round Shape										

* Specifications may change due to continuous R&D
